Your company stands out to me. I'm a web developer who is passionate about technology and am constantly honing my skills to solve challenging problems.

TECHNICAL SKILLS

Front-End	Back-End	Source Control	Frameworks	UI/UX
JavaScript	REST / MySQL	Git (Git Flow)	React (learning)	Wireframing
JQuery	PHP	SCRUM / Agile	Bootstrap	Prototyping
CSS3	Apache	GitHub	Laravel (learning)	Moqups
HTML5		Bitbucket	WordPress	GIMP
		Asana	(learning)	User Stories

PROFESSIONAL EXPERIENCE

IT Support Specialist, Texas Southern University   **02/15 - PRESENT**

→ Construct technical guides to educate faculty on air traffic control lab use
→ Grew student enrollment by 15% via social media and print recruitment campaigns
→ Ensure the correct usage and security of $167,044 of flight simulation equipment

PROJECTS

Student Pilot Portal: flight training platform that helps pilots learn about aviation

→ Convert PSD to responsive web layouts using HTML5, CSS3, Javascript, and JQuery
→ Implemented AJAX and form validation which provided a seamless user experience
→ Performed A/B testing with Hotjar & Google Analytics which led to 15% more signups
→ Resolve bugs through debugging and cross browser compatibility testing
→ Apply Git version control software to track, test, and update pre-existing code base
→ Implemented relational database architecture for storing over 51,000 airports and runway information obtained from REST API

John's Pizza: pizza ordering and delivery web application.
Nature's Gift: mobile-friendly nature photography showcase using CSS grids.
