About Me

I wake up at 3AM everyday to code! I'm a self-taught professional developer who is driven to learn, highly coachable, and passionate about technology's ability to bring people together.

Experience

Web Developer   MAY 2015 - PRESENT
Student Pilot Portal
- Designs user journeys and create high-fidelity mockups for a suite of products
- Writes clean, readable, and modular code using best practices such as MVC and object-oriented programming
- Apply Git version control to track and update code
- Plans and implements architecture for MySQL relational databases
- Manages content, SEO, and Digital Ocean hosting
