Experience

IT Support Specialist | Texas Southern University, Houston, TX   FEB 2015 - PRESENT
The only student trusted with the operation of $167,044 of flight simulation equipment in entire university. Developed, programmed, and documented 12 complete flight training scenarios used by over 100 pilots.

Entrepreneur & Web Developer | Student Pilot Portal, Houston, TX   MAY 2015 - PRESENT
Currently developing and launching my first SaaS app built with Laravel. It is an e-learning platform for student pilots to learn about aviation, track their progress, and plan flights safely. Achieved 160 user signups and raised over $540 by donations in one week of marketing with less than $50 in FB ads.
